General information about our law courses and the Swedish Law Programme

The law courses in English offered to exchange students are electives given on year 4 of the Swedish Law Programme. The Swedish Law Programme of 4,5 years leading to the Swedish Master of Laws Degree (in Swedish: *Juristexamen*) is the standard law programme in Sweden. The degree is required for professions such as that of a judge, attorney at law and prosecutor. The Law Programme is mainly taught in Swedish but some electives are held in English.

The standard law programme consists of compulsory courses taught over a period of 7 semesters. After this, in their fourth year, students can choose from app. 60 electives. Approximately 20-25 of these are given in **English** and are open to both foreign exchange and Swedish law students. Foreign exchange students who are proficient in Swedish may also apply to attend the courses taught in Swedish but there is subject to availability and cannot be guaranteed. Most courses end with a written examination.
